

## **Forth Valley Heritage Forum**

This is just a quick reminder about the forthcoming forum **Saturday 3<sup>rd</sup> March 2-5 pm** at the **Engine Shed**.

Forth Naturalist and Historian, Stirling City Archaeologist Murray Cook and The Engine Shed are jointly hosting this event for local societies across the Forth Valley district.

The aim is to bring people with an interest in the historic environment together to discuss sharing of best practice, joint projects and cross publicity, and joint funding. We would like to invite you to contribute to this afternoon event.

Just to remind you the idea is simple we want to collaborate and help each other.

We want you to come and speak generally for 5 minutes about what you currently do and what you would like to do! The running order will just be worked out alphabetically.

There will be coffee and tea and a range of useful and free publications, we also aim to offer advice on insurance, publication, archiving and fund raising and anything else you want to know!

### **Can I ask you to confirm that you still want to come for catering purposes?**

I know many of you will be aware of a similar themed event in Perth on the same day, please don't feel you have to be in both locations, we are going to speak to them and feed into their process.

If you know anyone who hasn't been asked please invite them and if you have any questions please let me know!

Look forward to seeing you all!

Best wishes  
Murray

Dr Murray Cook, Stirling Council Archaeologist
